

Distance meter PCE-LRF 500 **Leisure time laser rangefinder / Measurement up to 600 m (1,968 ft)** **/ Speed measurement / Special mode for measurement in fog**

The laser rangefinder PCE-LRF 500 is an optimal tool for distance measurement in the leisure sector. Thus, the laser rangefinder is very well suited for distance determination on walks, bike rides or hunting. The laser rangefinder has a measuring range of up to 600 m / 1,968 ft. Furthermore, the laser range finder can measure the speed of objects moving toward or away from the user. To measure distances in the fog, the PCE-LRF 500 Laser Rangefinder has a special fog mode.

This laser rangefinder has a sturdy plastic housing. For better handling when carrying the rangefinder, a wrist strap is included. This meter is powered by 2 x 1.5V AAA batteries.

- Measuring range up to 600 m / 1,968 ft
- Speed measurement
- Fog suppression
- Robust housing with carrying strap
- For the leisure sector
- 6x magnification

Specifications:

Measurement function Distance measurement

Measuring range	0 ... 600 m / 0 ... 1,968 ft
Resolution	0.1 m / 0.3 ft
Accuracy	± 1 m / 3.3 ft

Measuring function speed

Measuring range	0 ... 300 km / h
Resolution	0.1 km / h
Accuracy	± 5 km / h

Enlargement	6x
Diameter eyepiece	16 mm
Diameter lens	25 mm
Power supply	2 x 1.5V AAA battery
Operating conditions	-10 ... 40°C / 14 ... 104°F
Weight	About 175 g / < 1 lb
Dimensions	106 x 82 x 42 mm / 4.2 x 3.2 x 1.7 in

Delivery scope:

- 1 x Distance meter PCE-LRF 500
- 1 x Carrying strap
- 2 x 1.5V AAA battery
- 1 x Microfibre cloth
- 1 x User manual
